

EMTEK

DECORATIVE DOOR HARDWARE

Entrysets | Deadbolts | Sideplates | Knobsets & Leversets | Door Accessories | Hinges

EMTEK

Emtek is dedicated to bringing interesting, well made hardware back into American homes. We strive to provide a broad range of products that provide both superior performance and compelling design. The Emtek product line includes door locks, cabinet hardware, bath hardware, hinges, and door accessories.

Founded in 1981, Emtek began by manufacturing specialty hardware products for door manufacturing companies. In the mid 1980's the company began making a limited range of solid brass door levers for specialty hardware dealers in the Los Angeles area. Over the past twenty five years we have broadened our product line and our customer base. Today Emtek has dealers in all fifty states as well as across Canada.

Emtek assembles locksets to order in City of Industry, California. Customers are encouraged to select knobs, levers, and rosettes with styles and finishes that compliment their individual decor. Locks are custom assembled and shipped by express service to dealers across North America. Normal lead times are one to two days and most orders are received by dealers within five days.

In this brochure you will find examples of the numerous styles of door hardware available from Emtek. To see Emtek's complete product offering please visit your local Emtek dealer or our website at www.emtek.com.

In 1999 Emtek was acquired by ASSA ABLOY, the largest lock manufacturing company in the world. ASSA ABLOY is headquartered in Stockholm, Sweden, and has operations throughout the world.
